

INAUGURAL **ONE HEALTH** CONFERENCE

1 - 3 November 2021

Africa CDC EBS framework

Kyeng Mercy Tetuh

Event-Based Surveillance Coordinator

Africa CDC

Outline

Intro to Africa CDC

Background

Framework structure

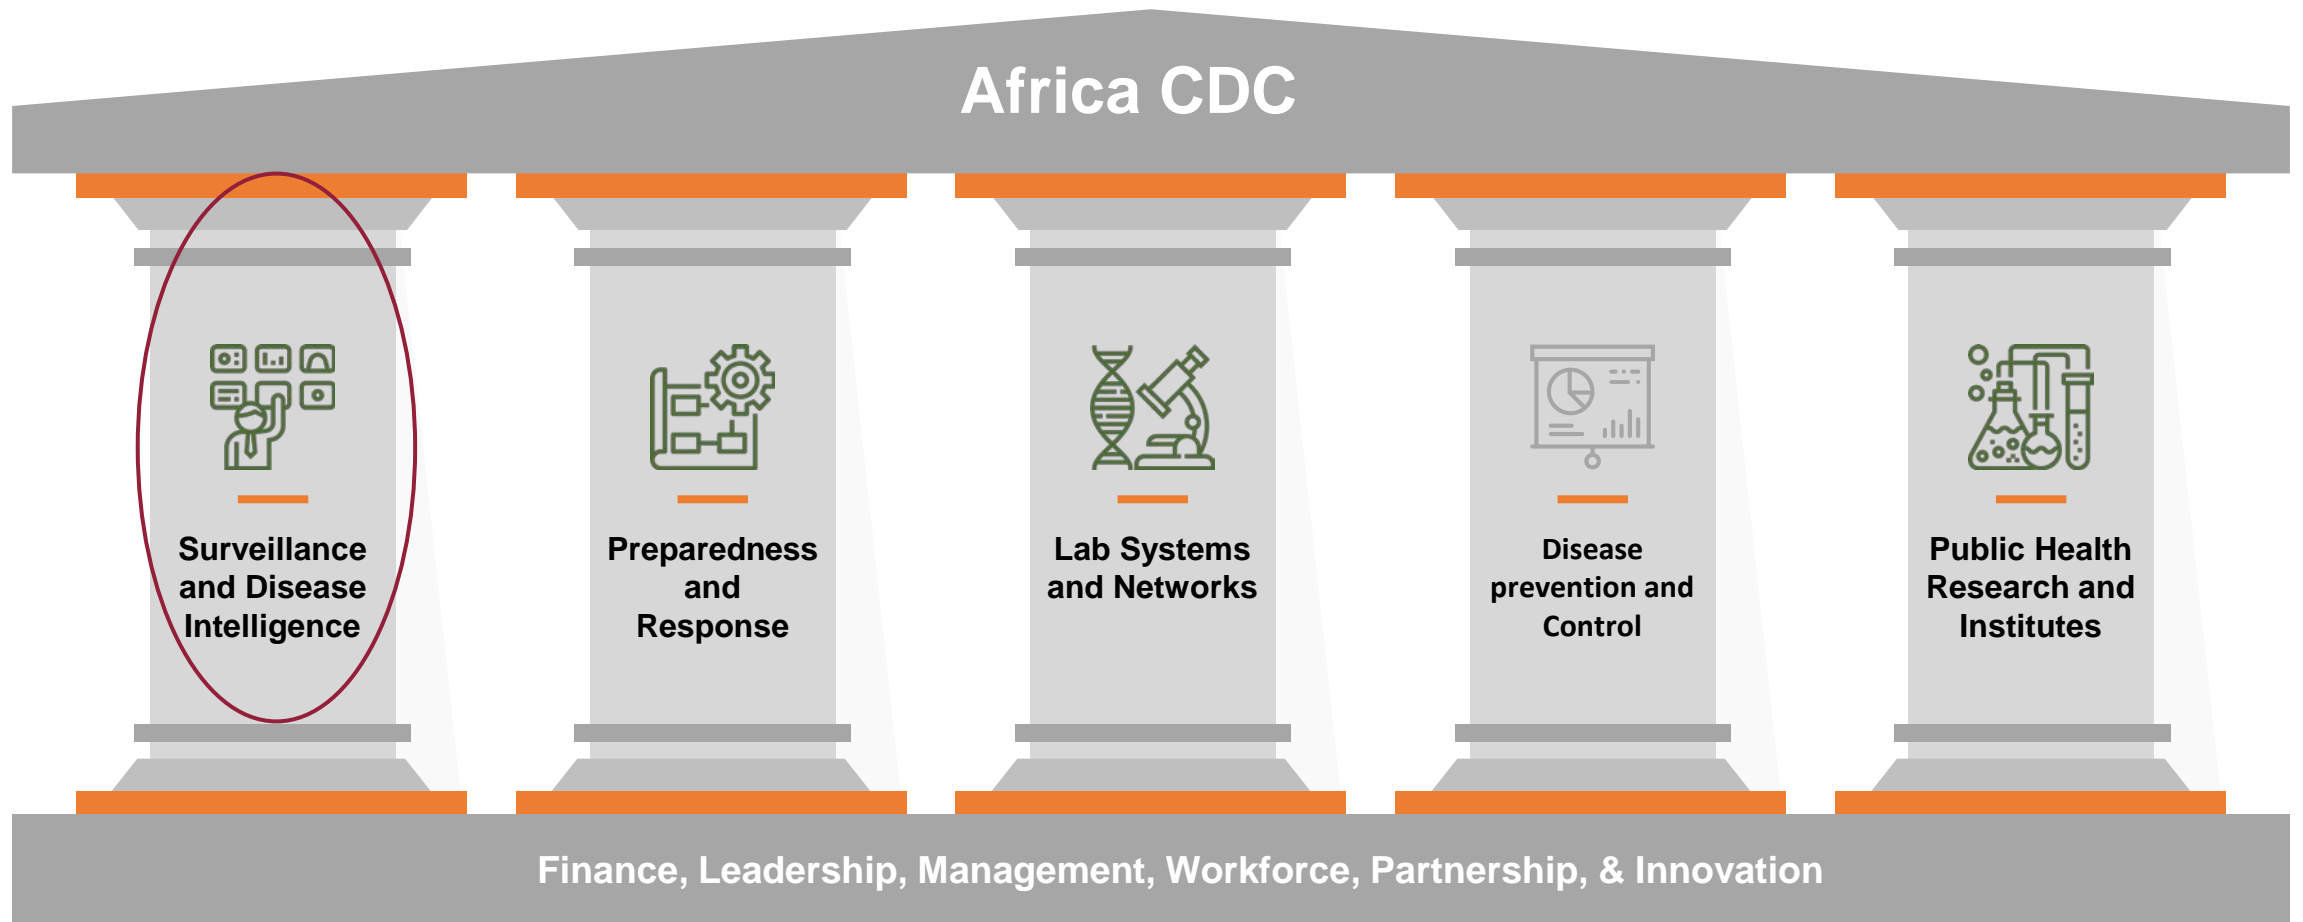

EBS sources

EBS process

Guiding principles

Progress made with framework

Africa CDC Strategic Pillars

Background

- Africa CDC organised two works to improve early warning on the continent:
 - 16-19 May 2017 in Cairo, Egypt.
 - 9 - 11 May, 2018, in Addis Ababa, Ethiopia.
- Following the second workshop, a technical working group was created to develop the Africa CDC EBS framework .
 - The Framework was launched in Nov 2018.
 - Offers guidance to public health practitioners to implement EBS at each administrative level in their countries

Africa CDC EBS Framework | Structure

Introduction

- Introduction to EBS and how to use the document

Community EBS
